Living and Studying as a Feminist in Dortmund

As the semester begins, this flyer creates space for feminist perspectives, activism, solidarity, and dialogue at our university and in our city. It provides an overview of feminist campus groups and political initiatives, university-affiliated counseling centers, and places where you can get involved in feminist activism.

Whether it's workshops, lectures, readings, or parties: Dortmund offers you the opportunity to learn, celebrate, and fight together—and in doing so, to raise awareness about what would otherwise remain invisible.

University Institutions

Equal Opportunities Office

The Equal Opportunities Office at TU Dortmund University is committed to promoting equality among all genders and eliminating structural disadvantages based on gender.

On its website, the Equal Opportunities Office provides information on gender-related issues and raises awareness of inequalities as well as mechanisms of structural discrimination.
